

Packing List

1. P6 192mm x 192mm LED Module: 1pcs
2. Data Cable: 1pcs
3. Power Cable: 1pcs
4. Waterproof Ring: 1pcs

Features

1. Large viewing angle. Horizontal: 120 ° , Vertical: 120°.
2. Superb workmanship to ensure every processing details.
3. Energy saveing design and good performance in color uniformity.
4. High brightness meet the needs of various application environments.
5. Environmental raw material (LED chips, mask, glue, and steel cabinets).

Item	Unit	Parameters
Pixels(Pixel Pitch)	mm	6mm
Pixel Density	dots/sqm	27,777dots/sqm
Color Configuration		1R1G1B 3in1
LED Encapsulation		SMD3535
Drive Duty	scan	1/8scan
Module Resolution	dots	32dots x 32dots
Module Size	mm	192mm x 192mm
Module Weight	kg	≈0.45kg
Brightness	nits	>6,500nits
Best Viewing Distance	m	6m - 60m
Best Viewing Angle	°	H: 120 °, V: 120°
Lifespan	hours	>100,000hours
MTBF	hours	>10,000hours
Working Temperature	Celsius	-20Celsius - +60Celsius
Working Humidity		10% - 95%RH
Certificate		CE, LVD, RoHS
